Term 2 – Week 7
02/05/2017

Dear Parents and Guardians,

URGENT..... EMERGENCY CONTRACTS UPDATE

Emergency contacts need to be local. They need to be able to help. If by chance your phone gets switched off please let us know and if you have someone else we can call then let us know even as an interim measure.

It is also important that they are aware that you have listed them as a contact so we don't catch them unaware should we need to call them.

If you are not sure of who is listed on the school system, please visit or phone the office staff.

Mrs Kaddatz and Mrs Haworth have entered our class choir in the Eisteddfod again this year.

Students are finishing off their tests now and teachers are working hard to complete report cards.

In this unpredictable weather can I encourage you to send your children to school with a jumper.

Please also remind your children to bring hats and drink bottles for P.E. on Tuesdays.

It is a good idea for students to bring their hats and drink bottles every day even though it is winter.

Students of the Week

Levi – great work on his narrative writing

Johan – participation in a positive manner in all reading activities

REMINDER

This year, BOOK CLUB ORDERS are to be made online by parents. Books will then be delivered to the school and given out to students. Do not send orders or money to office please.

Week 7 has meant lots of practice for our sports day next week.

Remember the P and C have coincided cupcake day with sports day so eyes open for some delicious treats on that day.

Following our Eton School Sports, all 2008-2004 students will compete in the Small Schools field events at Pinnacle State School on Tuesday 20th June. This means any students from 9 years to 12 years will be participating in the field events on the Tuesday.

Small School track events will be at Mirani State School on Wednesday 21st June. All students will attend.

Please be reminded that parents are responsible for taking their child/ren to and from these events.

Did you know....

- Lemons contain more sugar than strawberries
- The tongue is the fastest healing part of the body
- The average person spends 2 years on the phone in his or her lifetime
- Seals sleep underwater and surface for air without waking up
- Tuna suffocate if they stop swimming
- The average bed is home to over 6 billion dust mites

I am still on three day work weeks until the holidays. I hope to be back to five day weeks once term three starts.

Enjoy the week-end ,
Making every day count with your family,
Ms Sandra Van Wyk.
Eton State School
Principal.
