Term 2 – Week 9
16/06/2017

Dear Parents and Guardians,

Thanks to everyone who jumped in to ensure that we had a great sports day. Please enjoy some of the photos that were taken on the day. I am sure all the students enjoyed having their mums/dads/grandparents around them on the day.

The nice part about our day is that it focussed on fun, teamwork and participation rather than competition. Nice to feel these values developing at our Primary School level.

Should anyone have good photos that they took during sports day please send them through to my mobile 0417291010 so that I can upload them to our face book page. Happy to receive any photos you take next Tuesday and Wednesday too and I'll make sure that they get on our face book page. Nice to share some of the great things that we participate in as a school.

Reminder! Small School Sports Days is next week on Tuesday and Wednesday
Tuesday, June 20th – will be held at Pinnacle State School
Wednesday, June 21st – will be held at Mirani State Primary School.

- Tuesday will be the field events for ages 9 to 13 years. Eton students aged 9 to 12 years are required to attend. All students will compete in all events.
- Wednesday will involve the whole school. We will require parents to transport their children on both days please.

Permission and Transport forms have been sent home previously. However the forms have been attached to this newsletter again. Please return them Monday if you have not already done so. If you should find yourself not able to transport your child to sport please let us know. As we are such a small school, it would be nice to have everyone on deck to participate.

Report Cards are scheduled to go home on Monday.

Even though our time is limited till the holidays start all teachers would be happy for you to drop in for a quick chat if there are any issues from the reports that you wish to discuss.

A reminder to touch base with your children in particular about safety over the holidays. When excitement hits the play scene, often thinking disappears and this is when play can get out of hand and be dangerous.

Message from Kaylene Miosge: A very special Thank You to everyone who contributed to the 'Biggest Morning Tea': ☆ The bakers ☆ The buyers ☆ The helpers. You are appreciated!!! We raised \$324.

From all the staff,
Stay safe, enjoy your time with your children, they grow up all too quickly,
Warmest Wishes,
Ms Sandra Van Wyk,
Eton State School.
Principal
